Update Newsletter Summer Issue

PRESIDENT'S MESSAGE

Earlier this year, I was guarded in my optimism as we began to return to normal after a two-year COVID lock-down. But 2022 turned out to be our most robust. We continue to grow our membership with new adult and youth members joining this year.

Our Player Development and Women in Golf programs resumed with new approaches to training and golf skill development to enable members and those new to golf to experience the joy of playing the sport.

Our Junior Program continues to grow, and Junior members are gaining attention for their golf and academic achievements. We recognize those achievements each year with the Gale James Scholarship.

The Club also established the Tee Divas & Tee Dudes Foundation this year to expand scholarships and funding efforts to meet the needs of Junior Members. We have also received grant awards to support their golf training and playing opportunities.

I'm excited to share with you this edition of the Tee Divas & Tee Dudes Update Newsletter.

Blessings,
Elois

Elois McGehee, President

TEE DIVAS & TEE DUDES IN THE NEWS

CLUB HIGHLIGHTS

MEMBERSHIP

I'm happy to report our Club is as vibrant today as it was “back in the day.” Like all organizations, we had to curtail some of our activities, but our membership remained steady. We even attracted new members who will help keep the Club relevant and growing with new ideas and enthusiasm. Our first in-person meeting since the pandemic was in July at Chester Washington Golf Course. This was the opportunity to greet “ole” friends and meet our new members. The [2022 Gale James Scholarship awards](#) were presented at the meeting.

PLAYER DEVELOPMENT PROGRAM - BUILDING GOLF SKILLS AND CONFIDENCE “PUT A SMILE ON YOUR FEARS” 2022 THEME

After nearly two years sitting out COVID, Tee Divas & Tee Dudes Player Development Program was relaunched in 2022 with a schedule of play dates and skill clinics. Tamara Bossett, Player Development Chair, talks about the program's approach to player development—

“The purpose of the 2022 Player Development is to help with the transition from beginner golfer to a more comfortable golfer. Hence the theme for this season. When I had to come up with a theme, I immediately thought of how intimidating the first tee always felt. This feeling did not subside with water holes or fairways with bunkers. That intimidation was primarily a lack of self-confidence, eventually becoming nervousness and fear.

All of these prevented what was most important about why I was out there: having fun. Once you recognize that this is primarily a lack of self-confidence, you can face it and consider moving on and enjoying the game. Once you can achieve that, you can put a smile on that fear, and this is what I hope to accomplish with this session, or at least during these two years.

I chose chipping [skill] clinics for this session because I thought that would be a good place to start, that it is something that can help new and experienced golfers and is too often overlooked.”

SCGA Senior Golf Instructor Teresa Thornton (photo right) leads Tee Divas & Tee Dudes Player Development Chipping Clinic at Los Amigos Golf Course (left). Four chipping clinics were conducted this year for golfers of all levels. Teresa's bio is available on her SCGA web page: <https://www.scga.org/about/meet-the-staff/staff/teresa-thornton>.

The Golf Rules Clinic, an ongoing feature of the Player Development Program, was led this year by Sue Cody (photo below left), Harbor Park Women's Golf Club 2022 Rules Chairperson and 5-year Harbor GC Champion. Golfer LaVerne Brunt (photo on the right) led a fun quiz on what we think we know about the rules. We did know some stuff. Joan Alexander led a detailed review of the scorecard. In addition to the rules, it was fun, "great food, great conversations, great weather, fun gift bags and, if you were lucky, great raffle prizes!" said Sue Cody.

2022 GALE JAMES SCHOLARSHIP RECIPIENTS

The Gale James Memorial Scholarship was established in memory of Gale James, a professional golf instructor and TDTD member until her death in April 2015. The scholarship awards are given annually to student golfers who are in an organized golf program and interested in furthering their golf skills and education. The award may support academic needs, tournament fees, travel, equipment, and golf accessories. For more information about the Gale James Memorial Scholarship, visit <https://teedivas-dudesgolf.com/gj-memorial-scholarship-2021>. Scholarships were awarded at the July General Membership Meeting at the Chester Washington Golf Club. Each recipient was awarded \$500 to support academic and golf expenses.

"Tee Divas & Tee Dudes golf club was very lucky to have five students apply for the Gale James Scholarship. Each student is excellent. And will represent the Club well. They are inspiring young people. Each is an outstanding golfer, a high academic achiever, and an outstanding volunteer in the community and school. They have held leadership roles in school and professional clubs. They have taken the lead in establishing new organizations if there is a need in the community or school. These young people are hard workers and willing to help whenever needed. The future looks bright for the quality of the students represented here. The students received excellent letters of recommendation from teachers, golf professionals, and employers."

2022 Gale James Memorial Scholarship Winners

Scholarship Winners (from left): Mahamed Ibrahim, Nia Elkouby, Kyla Coaxum, Kamea Nicolis, and Adrienne Walker. Scholarship Committee, (back row from left) Doris LaCour, Gloria Howard, Beryl Bryant, Verna Stroud, and Rosemary Spriggs

About the winners--

Mahamed Ibrahim is a graduate of Culver City High School. The eldest of six children, Mahamed is an avid golfer who wants to be a professional golfer. He especially enjoys teaching children to play golf because their faces light up from the excitement and joy of learning something new. He states that watching the children light up feels better than getting a hole in one. Mahamed's other career goal is to start a technological and scientific research company to help make technological breakthroughs to help people and the world. He also intends to get a Master's Degree in Economics or Finance. Mahamed intends to go to a local college; therefore, he will be close enough to commute and volunteer in local events at Don Knabe or Maggie Hathaway and whenever needed with Tee Divas & Tee Dudes Golf Club.

Nia Elkouby graduated from Notre Dame High School with a 4.26 GPA. She is a member of the National Honor Society. Nia describes herself as one who realizes that she has a fascination with and deep care for humanity. One of her main passions in life is theatre. With her varied interest, such as volunteering with Inglewood Jack and Jill's Midnight Mission and the Los Angeles Regional Food Bank, the arts, and like-minded students and advisors, she will be guided on the path to a successful career. Nia states that when she first started playing golf, she never imagined how much strength, discipline, and perseverance she would learn from this sport.

Kyla Coaxum graduated from John Burroughs High School with a 3.0 GPA. Kyla states that according to Mahatma Gandhi, "The best way to find yourself is to lose yourself in the service of others." She wants to pursue a career in health, which has a lot to do with that quote, her upbringing, and several outstanding teachers. During the Covid-19 pandemic, she organized approximately 300 teens to write thoughtful letters to senior citizens who had difficulty communicating with others. Throughout her four years of high school, Kyla was also part of her school's NAF STEM Medical Academy. The medical academy was a stepping stone for her next chapter after high school. Kyla states that she would like to stay engaged with the Club through volunteer efforts to assist upcoming golfers preparing for high school or college to maintain her membership with the Club.

Kamea Nicolis attends Junipero Serra High School with a 4.1 GPA. She struggled during COVID to maintain grades while improving her golf skills; however, she pushed through and excelled. In school, she participates in volleyball, BSU, and the school's yearbook committee. In the community, she is part of Jack and Jill and Girl Scouts, and she loves to help her neighbors because they are older. She plans to continue her education to become a veterinarian. She is grateful to Tee Divas & Tee Dudes Golf Club for everything they have done for her. Playing golf with the Club inspired her and opened new opportunities she did not know were there. She plans to be a part of this committee and help in many ways, including becoming a teacher for younger children to help them succeed in golf.

Adrienne Walker is a 12th-grade Da Vinci High School student with a 3.64 GPA. She started with golf three years ago and had difficulty developing basic golf skills, but she worked harder and got great advice from her coaches. Adrienne describes herself as a great communicator and hard worker. She created two Clubs at her school to help students with time management and applying for career programs and scholarships. She is also on the executive teen board of Jack and Jill of America and completed an internship with Boeing last year. Adrienne plans to major in Biology.

FOUNDATION TO EXPAND SCHOLARSHIP AWARDS AND OTHER SUPPORT FOR JUNIOR MEMBERS

We interviewed Chris Guyton, Tee Divas & Tee Dudes Vice President and CEO of the recently established Tee Divas & Tee Dudes Foundation, a 501c3 nonprofit, to benefit the Tee Divas & Tee Dudes Golf Club Junior Program.

Chris graduated from Alabama A&M, one of the country's leading HBCUs (Historically Black Colleges and Universities), where he played football and majored in computer science. An injury ended his sports career, but his focus on computer science led to a career in that field, eventually working in the aerospace industry in LA. He also nurtured a career as an actor most recently featured in "Snowfall" (Fox), "Shameless" (Showtime), "Saved by the Bell, and other shows.

The father of two boys and a Marina del Rey resident living with his wife Dianne, Chris stumbled into golf playing for the first time in a tournament and was hooked. His golf is also connected to his commitment to charity with his fraternity, Omega Psi Phi Fraternity, Inc. Seeking to hold a golf tournament to raise funds for the fraternity's community programs, he found Tee Divas & Tee Dudes Golf Club, which mentored him on golf tournaments. He soon joined and was shortly elected Vice-President, leading a successful online fundraising campaign. "I believe charity is my tithing," said Chris, reflecting on the role of charity in his life. "My purpose is to give back to humanity. Involving my fraternity enabled me to better our communities."

What is the Tee Divas & Tee Dudes Foundation? Its purpose is to provide golf training and educational scholarships. The Foundation's mission is to develop and enrich golfers and their families, giving a rewarding experience in underserved areas of LA and south LA. The Tee Divas & Tee Dudes Junior Program is doing leaps and bounds beyond what people thought it would be under Jenny Bethune's leadership. The Junior Program is growing, and the Foundation aims to support and expand that growth. It will help the parents and the community.

Why was it founded? Doing fundraising, we noticed with the fraternity, for example, that people wanted to know about tax write-offs for Foundation. People were hesitant to give money. Jenny said they would give small amounts without tax deductions to help a little, but we need to raise more money to get the necessary funds. This Foundation provides us with an opportunity to do more extensive fundraising.

Why is the Foundation needed? Historically our kids are left out because they are not aware of the sport of golf. They are exposed to all other sports except golf. Golf, like any sport, has associated costs to play, but we can provide support and, equally important, scholarships. It's one thing for us to talk about going to college; it's another to take our young golfers to colleges and universities for on-campus tours. This encourages and shows them that higher education is possible.

What is the value of golf to the youth? Discipline, direction, and decision-making ability. Proper etiquette, communication, and ability to converse with diverse people. Getting out of your comfort zone. Exposure to achievers and to learn how to play competitively.

What is your vision for the Foundation moving forward? My vision for the Foundation is that, in due time, to increase funding to facilitate practice for juniors, travel, and award larger scholarships to support their college education. To be a sustainable foundation to support our youth and our community.

Tee Divas & Tee Dudes Junior Members Attend the LPGA Leadership Academy

Nayani Lewis spent part of her summer attending the two-day [LPGA Leadership Academy](#) with other TDTD Junior Members Alysa Davis, Monique Thomas, Sanai Lambert, and Carolina Calzada. The event uses group exercises, expert-led discussions, journaling, and interaction with female executives and mentors to help girls discover their unique strengths and leadership style.

Nayani Lewis reports on her experience at the academy. Nayani is a senior at St. Monica Preparatory and has been golfing for ten years.

Her professional goal is to integrate two passions—to be a successful women's golfer and an artist.

Reflections on the LPGA Leadership Academy Nayani Lewis

Being able to attend the LPGA Leadership Academy and having the support of Tee Divas & Tee Dudes Members and SCGA was an honor.

On the first day, we introduced ourselves in a group activity and learned what it meant to be a leader. We worked on confidence within ourselves and the course. The guidebooks taught us the success formula, CORE, Coach, Outcome, Reasons, and Execution. I learned how to use CORE to conform to my leadership style. Everyone can be a leader no matter our differences.

I loved the outside activities in how the academy was able to integrate the lessons we learned inside the course. In the future and present, to keep positive affirmations, I repeat this quote:

"I am in charge of my state of mind. I can change how I feel in an instant. I am awesome. I am confident. I believe in me. I am a leader!"

Skylar James covers the 122nd US Open Championship in Inaugural Lee Elder Internship featured in Golf Digest

The highly competitive internship receives hundreds of applications throughout the US and worldwide. Mack Champ Invitational TDTD Junior Winners

In March, several of our Juniors participated in the Mack Champ Junior Invitational in Houston, Texas.

Juniors Kourey Patterson, Mahamed, Salma and Siham Ibrahim, Layla and Roxanne Phillips represented our Club very well. Layla, age 11, received a trophy for 3rd place in the Girls Flight for ages 12 and under. Other Juniors played well, but the competition was very stiff. Cameron Champ and Jeff Champ are shown here with 2022 trophy winners in the 11-13 division.

120 Juniors from across the country, including Canada, and the Bahamas, came to the tournament. The Mack Champ Invitational, a tournament for the game's best junior golfers of diverse backgrounds, provides junior golfers the opportunity to showcase their talents and attend a clinic with Cameron Champ, a three-time winner on the PGA Tour who played his college golf at Texas A&M. Named in honor of Mack Champ, Cameron Champ's grandfather who passed away in October of 2019, the tournament focuses on identifying talented, diverse players as a way to honor [Mack's legacy](#).
